Dear Parents,

The Jr. Eagles Development League is designed to bring together players from cities throughout our area. Last year participants came from 33 communities stretching across three states!

In combination with interacting and being coached by our UWL Men's basketball program. We believe this is a unique experience to play with or against some of the most dedicated players from Western WI/Eastern MN.

Whether your child's skill level is advanced or just starting, this is a great chance to work on their game prior to grade-school and club basketball. All while being on a college campus!

Sincerely,  
Kent Dernbach  
Head Coach
